Employee of the Year

Tangynikia “Nikki” Wiggins

Nikki is recognized as employee of the year for 2021. She exemplifies and models professional and accurate customer service in her interactions with customers and coworkers.

When assisting Department of Revenue customers, she works to create a positive experience for everyone. Not only does she resolve common issues, but she also willingly steps in to assist with escalated calls if a manager is not available.

As a team member, she operates as a leader by training any coworkers who need help with learning procedures and processes. She is knowledgeable about every task and process that the Customer Service Department handles. She promotes schedule adherence and models positive employee standards through encouragement and stellar punctuality and attendance.

Nikki participates in all new projects assigned to Customer Service, and she is one of the few non-management staff members who assist with manual corrections, additions, and updates to TAP profiles.

When she observes and learns about any new requests that are needed for the success of the department, she immediately steps up to take on new responsibilities that will aid in this success.

Nikki’s commitment and dedication to the success of the Department of Revenue and its customer service division is apparent in everything that she does. Her recognition as employee of the year is well deserved.

Sales Tax Supports the General Fund, Education, Municipalities, and Special Funds

All sales of tangible personal property in the State of Mississippi are subject to the regular retail trade rate of sales tax (7%) unless law exempts the item or provides a reduced rate of tax for an item. The tax is based on gross proceeds of sales or gross income, depending on the type of business. Additionally, many services are subject to sales tax. Installation labor is taxable when connected to the sale of tangible personal property.

Each month, the DOR distributes and transfers the sales tax collected during the prior month to various Treasury Funds. The State General Fund receives the largest portion; however, Sales Tax is also an important revenue source for Municipal Governments and for Education in our state. Money transferred to the Motor Vehicle Ad Valorem Reduction Fund is used to reimburse the counties for the credit on motor vehicle license plates annually provided to each vehicle owner.

Transfer to Cities and Counties from Special Tax Collections

Most Special Taxes are imposed on the gross receipts of hotels, motels, restaurants and/or bars within certain cities or counties; however, the cities of Jackson and Tupelo impose a tax on retail sales and services subject to the general rate of state sales tax with certain exceptions. Revenues are dedicated to certain purposes as authorized by the enacting legislation and the tax rates vary by location. All special taxes are in addition to the regular Sales Tax. More information about these taxes can be found by visiting our website.

Use Tax

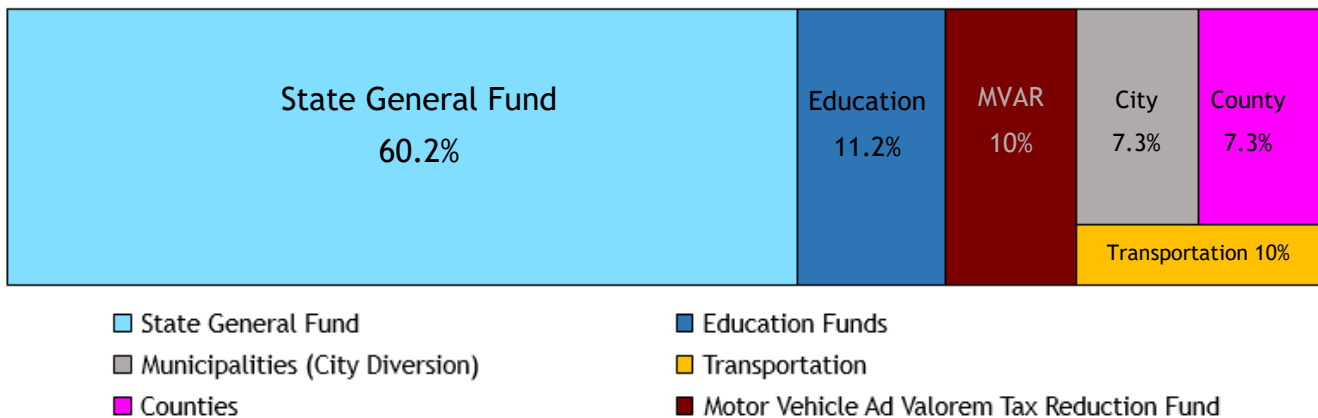

Use Tax Summary	page 87
Diversions to Municipalities & Counties	page 88

Use Tax Supports the General Fund, Education, Municipalities, and Special Funds

All purchases of tangible personal property, specified digital products, and services purchased out of the state and used, stored or consumed in the state are subject to use tax. The regular retail tax rate of products and services is 7% or other rates based on description.

Each month, the DOR distributes and transfers the use tax collected during the prior month to various Treasury Funds with the exception of the municipal and county distribution. Highlighted in this section is the diversion to municipalities and counties pursuant to the Mississippi Infrastructure Modernization Act of 2018 diverted bi-annually in July and January of each fiscal year. The bi-annual diversion of fund revenues is from use tax collections and accumulated fund interest.

Income Taxes Support the State General Fund

Mississippi enacted the state's first income tax in 1912. At that time, the tax rate was ½ of 1% imposed on all net income in excess of \$2,500. Over 100 years later, the laws have been amended numerous times providing exemptions, deductions, exclusions, inclusions and various filing status classifications. Income tax is imposed on the net taxable income of individuals, corporations, estates and trusts.

The chart below provides the amounts transferred to the State's General Fund and which revenues are utilized by other agencies to provide services to the citizens of Mississippi, such as education and public safety.

ABC Collections and Transfers

The Mississippi Alcoholic Beverage Control was created for the purpose of enforcing the liquor laws and for the distribution of alcohol products in this state. Along with 17 other states, Mississippi is a control state meaning it exercises complete control over the wholesale distribution of alcoholic beverages. All legal alcohol entering Mississippi from manufacturers must be shipped directly to the ABC's Liquor Distribution Center from which ABC sells the products to licensed retailers for ultimate sale to the public.

An alcoholic beverage is either a distilled spirit or a wine product that contains more than 5% alcohol by weight. Beer and light wine products are not included and are not distributed by the ABC. The excise tax on sparkling wine and champagne is \$1.00 per gallon, other wines are 35 cents per gallon, and distilled spirits are \$2.50 per gallon. Additionally, all alcoholic beverage products are subject to an additional 27½% markup on the wholesale purchase of alcoholic beverages. A permit is required to sell alcohol in this state.

The below collections result from the operations of the Liquor Distribution Center and the licensing of retail businesses.

This schedule is based on month of collection.

Section 27-5-101 sets forth the distribution of the taxes to the counties from gasoline and special fuels. The counties share is derived from the “base” rate of tax. For gasoline, the base tax is the first 7 cents per gallon, and for un-dyed diesel, the base rate is the first 10 cents per gallon. After specified transfers are made from the base tax collections, 5/14ths of the remainder is distributed to the counties. The law provides that a portion of the counties share is shared with the municipalities within that county.

The following is the distribution of 5/14ths between the counties:

1. Pay each county \$190,000 annually. The municipalities share is paid from the \$190,000 and is paid from the municipal aid fund.
2. Annually, the remainder is divided according to the following formula (This split is listed as “surplus” in the above chart):
 - 1/3 share split evenly among all the counties;
 - 1/3 share split based upon the population of each county;
 - 1/3 share split based on the square miles of each county.

The 9/14ths share provides a monthly transfer of \$83,333.33 to the Municipal Aid Fund; 50% of the tax on gasoline collected in the three coastal counties is returned to those counties for Road Protection; amounts specified to retire the bond sinking funds; and the remainder for the benefit of the State Highway Fund.

The additional tax is **11 cents** a gallon on gas and **8 cents a gallon** on diesel. The amount of tax collections from the first 2 cents per gallon of the additional tax is used exclusively for the construction, reconstruction and maintenance of highways or the payment of interest and principal on bonds. Of the remaining additional tax:

- 23 1/4% is for the State Aid Road Fund
- The remainder to the State Highway Fund

Quantities and Taxes Collected by Fuel Type

All motor fuels including gasoline, diesel, kerosene, fuel oil, compressed gas, natural gas and lubricating oil, are subject to Petroleum Excise Taxes. These taxes are collected from petroleum product distributors, interstate motor carriers, and persons using petroleum products.

The Gross Gallons, Exempt Sales, 2% Allowance, Net Taxable Gallons, Government Exemptions, and Tax Due (Total Tax) reflect the return totals for the return period. Collections reflects the total collected during the fiscal year.

IFTA Clearinghouse payments	\$8,654,354

* Excess MS Excise Tax is used to make IFTA Clearinghouse payments.

IFTA is a compact of the 48 contiguous States, the IRS, the 10 Canadian provinces, and the federal government of Canada.

A motor carrier licensed under IFTA reports to its home state all miles traveled in all jurisdictions, total fuel consumed, and the total fuel purchased. IFTA apportions tax collections among the states based on miles traveled and the fuel used by carriers within each state according to each state's tax rates.

The DOR collects the taxes from Mississippi based licensees on behalf of all member jurisdictions and makes a payment to IFTA for taxes collected for those jurisdictions. Likewise, the DOR receives payments from other states who collect Mississippi taxes from their licensees.

Mississippi is a payout state. That means carriers purchase more fuel in the State than they consume and why the amount "collected" is a negative. The offset to the payout is the amounts collected in the other fuel categories: Automotive, Special Fuels, Compressed Gas, and Natural Gas, Compressed Gas & Locomotive Fuels.

Taxpayer Service Offices

The taxpayer service offices of the Mississippi Department of Revenue provide a physical location to accommodate the public with assistance including: tax registration, payment of taxes, IFTA/IRP registration renewals, tax guidance, and meeting with DOR personnel. MSDOR recommends you streamline all of your service needs through the Taxpayer Access Point (TAP) located on our web page at www.dor.ms.gov, but we continue to maintain our physical locations to bridge service gaps and better serve our citizens.

The interstate and intrastate receipts will be reported for collection months within the fiscal year, with the exception of Additional Privilege by County, will be based on transfer (disbursement) month.

Motor Vehicle Privilege Tax processing operates on a three month cycle: registration month, collection month and diversion month. This section reports values for the collection month in the fiscal year and registration statistics for the respective months beginning in June preceding the fiscal year.
