SUPPLEMENTAL INFORMATION

The overall concept of the Mississippi reporting requirements has not changed. The amount of certain items that appear in detail on the Federal Schedule K-1 should be reported on the Mississippi Schedule K-1 after making the necessary Mississippi adjustments according to the instruction as specified per the Mississippi Form 85-122/86-122, in addition to other possible adjustments that may apply. The Mississippi treatment of business vs. non-business income and resident vs. non-resident member or shareholder should be taken into consideration when making those adjustments, except as otherwise noted. Due to the differences in treatment of various elements of income, expenses and/or credits for Federal and State purposes, the amount shown on the Mississippi Schedule K-1 will not necessarily be the same amounts as shown on the Federal Schedule K-1.
