Chapter 02 Administrative Provisions

- 100 The Alcoholic Beverage Control Division is hereby empowered, authorized, and directed to carry out fully the provisions of Miss. Code Ann. Title 67 and these regulations.
- 101 It is the intent of the Department that each and every one of these regulations, and parts thereof, are independent from the other; that each could stand alone; and to this end the provisions of these regulations, and parts thereof, are severable.
- 102 All records of any person holding a permit issued pursuant to Miss. Code Ann. Section 67-1-51 shall be open for examination at any time by the Department or its duly authorized agents.
- 103 (Reserved)

Chapter 03 Appeal Procedures

- 100 Pursuant to Miss. Code Ann. Section 67-1-72, certain decisions of the Department may be appealed. Any request for such appeal shall be made to the Board of Tax Appeals.
- 101 The following decisions of the Department may be appealed:
1. Denial of an application
 2. Denial of a permit renewal
 3. Revocation of a permit
 4. Suspension of a permit
 5. Denial of an applicant for approved manager
 6. Revocation or suspension of approved manager designation
 7. Denial of a request for qualified resort area status
 8. Revocation of a qualified resort area status
- 102 The procedures for filing an appeal shall be:
1. The aggrieved person must submit a request for appeal in writing;
 2. The request must be submitted to the Executive Director of the Board of Tax Appeals and a copy must be sent to the Department; and
 3. The request must be made within fifteen (15) days of the date the person received notice from the Department.
- 103 If the aggrieved person fails to appeal within the fifteen (15) day period, the action of the Department shall take effect as set out in the notice.
- 104 The Department retains the authority to change its decision.
- 105 If the decision of the Department is due to an incomplete application, failure of the applicant to pay the annual privilege taxes and fees pursuant to Miss. Code Ann. Section 27-71-5 or failure of the applicant to post the required bond, then the decision of the Department does not constitute a denial and may not be appealed.
- 106 No permit shall be suspended or revoked until the permittee has been given reasonable

notice of the reason for suspension or revocation. The permittee shall be given the opportunity to appeal the suspension or revocation to the Board of Tax Appeals.

107 The permittee may waive his rights to reasonable notice and/or the opportunity to a hearing by agreeing to a suspension or revocation as offered by the Department.

108 If an applicant fails to timely request a hearing after notification of the request for suspension or revocation, the applicant is considered to have had an opportunity for a hearing.

109 (Reserved)

200 If an application for renewal of a permit has been denied by the Department for any reason other than incompleteness, failure to pay applicable privilege taxes and fees or failure to post any required bond, the permittee may continue to operate under the permit until the last of the following dates:

1. The date on which the permit expires;
2. The date on which the time period for filing an appeal of the denial to the Board of Tax Appeals expires;

4. The date on which the permittee receives the notice of the Board of Tax Appeals affirming the denial of the permit renewal.

201 If the Board of Tax Appeals reverses the Department's decision to deny the renewal, the Department shall renew the permit and issue the permit from its last expiration date.

202 The Department has the authority to appeal the decision of the Board of Tax Appeals to chancery court pursuant to Miss. Code Ann. Section 67-1-39. If the court enters a final decision and/or order reversing the decision of the Board and affirms the denial of renewal of the permit, the permit shall be deemed denied and the permittee is not authorized to sell alcoholic beverages under that permit after the date the court decision becomes final and is not subject to any further appeal.

203 (Reserved)

300 Any applicant that is aggrieved by the Department's denial, revocation or suspension of approved manager designation may appeal the decision of the Department. Such appeal is to be made to the Board of Tax Appeals following the procedures provided in Paragraph 102 of this Chapter.

301 Any applicant or holder of an approved manager designation may waive his rights to notice and opportunity to a hearing by agreeing to the action taken by the Department.

302 (Reserved)

400 The Department has the authority to approve or deny applications for qualified resort

status as well as to revoke a current qualified resort status. Appeals for issues related to qualified resort status may be made by the applicant or permit holder; the county or municipality where the qualified resort status is located; or by any person objecting to the qualified resort area.

- 401 The Department has the discretion to publish notice of its decision to revoke approval of a qualified resort area in the same manner as provided in Title 35, Part II, Subpart 03, Chapter 07 of the Mississippi Administrative Code as it relates to approval of a qualified resort area. The fifteen (15) day period for appeals will begin on the date the notice is first published. If an appeal is not filed within this fifteen (15) day period, the decision of the Department is final.
- 402 Any county or municipality where a proposed qualified resort area is to be located or where a qualified resort area is currently located may appeal the decision of the Department to deny the request for approval or the revocation of the resort areas status. Such appeal shall be made to the Board of Tax Appeals and shall follow the procedures provided in Paragraph 102 of this Chapter.
- 403 (Reserved)
- 500 Any other person may also request a hearing before the Board of Tax Appeals related to:
1. Objections to an application for a qualified resort status;
 2. Objections to the transfer of an existing permit; or
 3. Objections to the issuance of any permit with the exception of a temporary retailer's permit.
- 501 There will be no hearing in cases where the application is denied by the Department and the applicant does not appeal the Department's decision or if the applicant withdraws the application; or if the county or municipality where the proposed qualified resort area is located does not appeal the Department's decision.
- 502 If the Department denies the application, then the procedures found in this chapter for appeal of a denial of an application shall be in effect. The Department will advise the Executive Director and the applicant of any objection to the application and the Board of Tax Appeals shall schedule a hearing on the objection and a hearing on the appeal at the same time.
- 503 If the Department approves the application, then the Department will advise the applicant and the Executive Director of the request for a hearing on an objection to the application. The Board of Tax Appeals shall schedule a hearing on the objection.
- 504 The Department has the authority to approve the application if the person objecting to the application withdraws the request for hearing.

Such person may request a hearing before the Board of Tax Appeals to establish a right or claim to the property.

601 Request for an appeal shall follow the same procedures set out in paragraph 102 of this Chapter.

602 If a request is not received within the fifteen (15) day period, then the Department may order the property to be disposed of pursuant to Miss. Code Ann. Section 67-1-18.

603 (Reserved)

35.II.01.03 revised effective April 1, 2018.

Subpart 02 Enforcement

Chapter 01 Violations

100 The Department may revoke or suspend any permit issued for a violation by the permittee or an agent or employee of the permittee of any provisions of the Local Option law or of any of the regulations promulgated by the Department. In taking such action the Department may consider prior offenses committed by the permittee and/or its agents or employees within a period of two (2) years from the date of the most recent offense.

101 Any person, firm, association, corporation, LLC, hotel, restaurant, or club defined in the Local Option law that violates the law, or knowingly permits the violation of the law upon its premises, may be subject to a revocation of their permit. When a permit is revoked the entity shall not be eligible to obtain any permit provided by Miss. Code Ann. Section 67-1-51 for a period of twelve (12) months after the date the revocation becomes final. Any "applicant" as defined by Miss. Code Ann. Section 67-1-59 for any such person or entity shall be ineligible to obtain a permit either as an individual or as an "applicant" for another entity should he or she commit or knowingly allow such permit violations. The "applicant" shall remain ineligible to obtain a permit for twelve (12) months from the date the revocation becomes final. This twelve (12) month prohibition shall not apply to those persons or entities whose permits are revoked due to their failure to maintain the qualification of paying all debts to the State, be it taxes or fees. Such entities are eligible to apply for a permit after paying the underlying outstanding debt.

102 In addition to suspension or revocation of permits, the Department may impose fines not to exceed one thousand dollars (\$1,000.00) upon any person or entity for violations of the regulations promulgated by the Department. Failure of a permittee to pay fines within a time designated by the Department will result in revocation of the permit. Failure of a

manufacturer representative to pay fines may result in the suspension of the representative's products from sale in the State.

103 (Reserved)

35.II.2.01 revised effective December 1, 2018

Chapter 02 Advertising and Promotions

100 No person, firm or corporation shall advertise in dry counties, municipalities or judicial districts of this State for alcoholic beverages by signs, billboards, or displays. Notwithstanding the foregoing, alcoholic beverages may be advertised in the following areas even if located in a dry county:

1. municipalities that meet the definition of “resort” as defined by Miss. Code Ann. Section 67-1-5(o)(iii);
2. on and immediately outside the premises of any permittee within a resort area as defined by Miss. Code Ann. Section 67-1-5(o)(iii) if the entire municipality or county is not wet for alcoholic beverages; or
3. in municipalities that have voted to be wet for alcoholic beverages.

101 All alcoholic beverage advertising, and any industry related promotions such as contests and sweepstakes should be submitted by the retailer to the Chief of Enforcement for prior approval. If an individual item awarded by an industry related promotion exceeds \$50 in value, the retailer shall forward the name and address of the winner of such item to the Chief of Enforcement within 30 days of such an award. Failure to comply with either of these requirements could be considered a violation of Miss. Code Ann. Section 67-1-71 and may subject the permittee to disciplinary action.

102 For purposes of this regulation, a contest or sweepstake shall not include any giveaways that require the purchase of chances to win or purchase of an item for a chance to enter. Such giveaways could be considered an illegal raffle and result in disciplinary action.

103 (Reserved)

35.II.2.02 revised effective July 1, 2018

Chapter 3 Permitted Premises Where Alcoholic Beverages Are Sold

100 The minimum distances provided in Miss. Code Ann. Section 67-1-51(3), shall be measured from the nearest point of the building housing the church, school, kindergarten or funeral home to the nearest point of the premises which consists of the floor planned area to be licensed by the Commissioner. This distance shall be measured in a straight line, such as air line distance, rather than the usual route of pedestrian travel.

101 Except as otherwise authorized by law, no person shall sell or offer for sale any alcoholic beverages within four hundred (400) feet of any church, school, kindergarten, or funeral

home, provided, however, within an area in which both the premises and the church, school, kindergarten, or funeral home are zoned commercial or industrial such minimum distance shall not be less than one hundred (100) feet.

- 102 In instances in which a church, school, kindergarten or funeral home is located in an area zoned residential and the place of sale of any alcoholic beverages shall be located in an area zoned commercial, such minimum distance between the place of sale of the alcoholic beverages and the church, school, kindergarten or funeral home shall be four hundred (400) feet.
- 103 Effective June 1, 1996, any location at which any alcoholic beverages are lawfully being presently offered for sale which does not conform to the above mentioned provisions shall be permitted to continue such sales, until such time as the business is abandoned for a six-month period.
- 104 A church or funeral home may waive the distance restrictions in favor of allowing issuance by the Commissioner of a permit authorizing the sale of alcoholic beverages that would otherwise be prohibited under the minimum distance requirements. Such waiver shall be in written form from the owner, the governing body, or the appropriate officer of the church or funeral home having the authority to execute such a waiver and the waiver shall be filed with and verified by the Commissioner before becoming effective.
- 105 A door must be located at or near the front of every place of business selling packaged alcoholic beverages. The back door to such place of business or storage area must be kept locked at all times except when merchandise is being received. In cases of orders or ordinances of a governing authority forbidding the locking of a back door because of a fire hazard, the Commissioner will make exceptions to this rule.
- 106 Surplus stock must be stored in the same building where the retail business is conducted, but nothing shall prohibit the owner or manager of such a place of business from erecting a partition between the retail and the storage area thereof. In the event that a permittee has multiple permits for a business establishment and there is controlled access to all areas of the establishment, the permittee may use a common storage facility located and identified on the floor planned area for all alcoholic beverages purchased.
- 107 A permittee utilizing a common storage facility for a business establishment with multiple permits must submit a floor plan of the common storage facility that designates where alcoholic beverages purchased under each permit will be stored. Co-mingling of the permitted inventories by the multiple permittees shall result in the suspension or revocation of the permits.
- 108 Except as stated herein, all sales of alcoholic beverages shall be made inside the permitted premises. Permitted sales for package retailers may include orders and payment through the telephone or electronically through the internet, with curbside pickup for customers in the parking lot of the package retailers.

- 109 Under very limited circumstances, a permittee may request a waiver from the Commissioner to authorize the storage of surplus alcoholic beverages in a location that is separate from the building where the retail business is being conducted. Any off-site storage exception or waiver request must be approved by the Commissioner. A request for a waiver must meet the following requirements:
1. The off-site storage location must meet all distance requirements of Miss. Code Ann. Section 67-1-51 in the same manner as the retail premises as well as all local ordinances pertaining to zoning. Further, the proximity of the off-site storage location to the permittee's retail premises shall be considered by the Department.
 2. All entrances and any other access to the storage facility must remain secure and locked at all times, except when merchandise is being received or transferred to the retail location. The Commissioner may request a floor plan of the off-site location as well as a copy of the permittee's deed or lease to ensure that permittee can accomplish restricted access to the off-site location.
 3. The exclusive use of the off-premises location must be storage of surplus alcoholic beverage inventory and items authorized for sale by Miss. Admin. Code Title 35.II.2.23. There shall be no other use of the off-site storage location.
 4. A permittee utilizing an off-site storage location for a business establishment with multiple permits must submit a floor plan of the facility that designates where alcoholic beverages purchased under each permit will be stored at the off-premises location. Co-mingling of the permitted inventories by a multiple permittee shall result in the suspension or revocation of the permits.
 5. The permittee must demonstrate a specific, articulable business necessity for the waiver request as the same relates to the shelf/storage space and inventory cycles of the permittee's retail premises.
- 110 In addition to the above, the Commissioner may request any other documentation from the permittee deemed relevant for consideration of a waiver request to ensure compliance with all ABC laws and regulations. On a case-by-case basis, any waiver granted pursuant to this regulation may be subject to special conditions imposed by the Department. The Department may revoke a waiver for an off-site storage location at any time. The permittee will be notified of the revocation in writing.
- 111 On-premises permits may be issued to small craft breweries, microbreweries, qualified hotels, restaurants, clubs, and to common carriers with adequate facilities for serving passengers. In resort areas, in addition to those types of businesses listed in the preceding sentence, on-premises permits may be issued to businesses that operate solely as bars or permitted casinos or as otherwise authorized by statute.
- 112 (Reserved)
- 200 Restaurants
- 201 To qualify as a “restaurant” under Miss. Code Ann. Section 67-1-5(m), the premises must have and maintain the following minimum kitchen requirements. All equipment must meet applicable standards as required by the Mississippi State Department of Health and

as listed in the FDA Food Code. Menus must be readily available and visible to customers along with the dining hours of operation. Dining hours must be adequate to meet the requirements based on the business's individual food service plan.

1. A menu that contains at least five (5) separate entrees. Food items must be prepared in whole or in part on the premises. Food items that are merely heated and served or “ready-to-eat” without further preparation do not meet this requirement. Specialty or theme restaurants that specialize in one entrée line may be exempted from this requirement so long as the entree line contains an acceptable number of theme or specialty entrée variations.
2. At a minimum, a Risk Category 2 Permit issued by the Mississippi State Department of Health. Proof of the Permit is required for the initial application and all subsequent renewals.
3. Employ at least one (1) employee with management or supervisory responsibility certified as a “food manager”, or an equivalent position, by an educational program recognized by the Mississippi Department of Health.
4. A kitchen that contains the following functional equipment:
 - a. Oven and stove top (can be one complete unit);
 - b. Cold storage areas (i.e., a refrigerator and freezer, either separate or combined);
 - c. Ventilation hood that meets applicable requirements under Mississippi State Department of Health regulations and city and/or local ordinances;
 - d. Adequate food preparation areas and countertop space;
 - e. Mop sink;
 - f. Three-compartment sink; and
 - g. Separate hand-washing facilities for employees.

202 At least 25% of the revenue a restaurant permittee receives must be derived from the preparation, cooking and serving of meals or, if food is given to and consumed by customers at no charge, the value of the food must be equal to 25% or more of total revenue.

203 “Meals” shall mean food and non-alcoholic drinks. It shall not include alcoholic beverages, beer or light wine and non-alcoholic beverages used in the preparation of mixed alcoholic drinks.

204 Restaurants may meet the 25% requirement using one of two options. Permit holders may not combine the below options and must maintain either option exclusively for the permit year for purposes of determining whether 25% requirements are met.

1. If the permittee chooses to meet the 25% requirement through the sale of meals, the amount of funds derived from the sale of meals prior to any accounting adjustments by the permit holder must be 25% or more of total gross revenue when compared to gross revenue derived from the sale of food and beverages. The permittee shall calculate this figure by adding the gross revenue derived from the sale of beer, light wine, alcoholic beverages and meals and then determine the percentage amount from this total figure that is derived from the sale of meals as defined above.
2. If the permittee chooses to meet the 25% requirement through the giving away of food for consumption by customers, the value of the food must be equal to or more

than 25% of total gross revenue derived from the total sale of food and beverages. "Value of food" is the cost of the food and non-alcoholic drinks purchased and given in a complimentary manner to customers, plus a reasonable mark-up not to exceed 300%. Such cost shall not include non-alcoholic beverages used in the preparation of mixed alcoholic drinks. The permittee should calculate this figure by adding the gross revenue derived from the sale of beer, light wine and alcoholic beverages to the value of food given to customers in a complimentary manner. The permittee should then determine the percentage amount of this figure that is derived from the sale of food.

Chapter 04 Hours and Days During Which Alcoholic Beverages May Be Sold by On-Premises Permittees, Package Stores and Caterers

100 On-premises permittees and caterers may make sales of alcoholic beverages at the permitted location between the hours of 10:00 a.m. and midnight, Monday through Saturday. No sales or deliveries of alcoholic beverages shall be made to any person on Sundays unless hours have been extended as described below.

101 On New Year's Eve, on-premises permittees and caterers may be allowed to remain open until 1:00 a.m., January 1st. In the event that New Year's Eve falls on Sunday, on-premises permittees and caterers may make sales of alcoholic beverages at the permitted location between the hours of 1:00 p.m. and 1:00 a.m. In the event that a municipality or county prefers not to recognize the extension of hours on New Year's Eve, the municipality or county shall notify the Chief of Enforcement, in writing, no later than September 1st of that year.

102 The governing authority of any municipality or county, usually the Board of Alderman or Board of Supervisors, may petition the Department to shorten or extend the hours of sale and/or consumption of alcoholic beverages by on-premises permittees and caterers located in the municipality or county. The petition must be accompanied by a certified copy of the order of the municipal or county governing authority requesting the change in hours. Regardless of the date of request, any change in hours will not be effective until approved by the Department. Unless otherwise designated by the Department, the hours for sale and consumption shall be the same.

103 Resort areas are exempt from the above provisions requiring the sale of alcoholic beverages to be between the hours of 10:00 a.m. and midnight. However, the governing authority of any municipality or county may petition the Department to designate the hours of sale and/or consumption of alcoholic beverages for resort area on-premises permittees or caterers. All petitions must be accompanied by a certified copy of the resolution of the municipal or county governing authority requesting the setting of hours. Upon receipt of the petition, or upon its own discretion, the Department shall set whatever hours of sale and/or consumption it deems appropriate for any particular resort area. Additionally, governing authorities within resort areas may set hours for sale by

ordinance if authorized to do so under Miss. Code Section 67-1-5(o)(iii). Governing authorities should forward a copy of any such ordinance to ABC upon passage. Unless otherwise designated by the Department, the hours for sale and consumption shall be the same.

100 The installation of automatic and electronic dispensing systems by on-premises permittees is authorized, provided that the following requirements are complied with:

Multiple bottles of alcoholic beverages utilized to supply a single line or tube in an in-series hook-up must be of identical brand and content.
2. Such equipment must dispense from the original containers, as received from the Division. Once the contents flow from the original containers, as received from the Division, into any such equipment, said contents shall not flow from such equipment into any other containers other than those used by said establishment for sale by the drink.
3. The permittee shall maintain records that reflect the brands and quantities of alcoholic beverages used in such systems.
4. The premises, including any places of storage, where the alcoholic beverages are dispensed, shall be subject to inspection by the Division or law enforcement officers during all business hours for the purpose of inspection or for examination of any books and records required to be kept by on-premises permittees. Chapter 19 Permittees, Employees and/or Agents Shall Not Be Visibly Intoxicated or Under the Influence of Any Alcoholic Beverage, Beer or Light Wine on Permitted Premises; No Consumption for Package Retailers on Permitted Premises; Limited Consumption for On-Premise Permittees Under Specific Circumstances

Each sales invoice must reflect all requested information at the time of delivery to the purchaser.
- 103 Purchases made from authorized package retailers must be completed between the hours of 10:00 a.m. and 10:00 p.m., Monday through Saturday, provided such sales are not otherwise prohibited. New permit holders must make their initial order of alcoholic beverages with the Alcoholic Beverage Control before making a purchase from an approved wholesaler.
- 104 An authorized wholesale package retailer may deliver product to permittees between the hours of 10:00 a.m. and 10:00 p.m., Monday through Saturday, provided such sales are not otherwise prohibited. - 105 Upon completion of the wholesale transaction or upon delivery of product to the purchaser, the seller must provide a copy of the sales invoice to the purchaser, and the invoice must remain with the seller or purchaser while transporting the purchased beverages to the purchaser's permitted location. The purchaser's copy of the sales invoice shall be maintained by the purchaser at his place of business for a period of three (3) years and, upon request, must be immediately provided to the Division or other law enforcement agency requesting same.

- 101 Wine glasses shall include glassware that is manufactured and marketed primarily for wine consumption as well as plastic stemware commonly used in drinking wine. Other types of plastic containers, styrofoam, and paper cups of all other types are not included and may not be sold or used for consumption on the premises. In addition, industry supplied consumer items may not be offered for sale by package retailers.
- 102 Sales of ice must be limited to commercially bagged ice in original sealed and unopened bags containing five (5) or more pounds.
- 103 Soft drinks include original commercially sealed and unopened containers. Fountain drinks are not considered soft drinks under this regulation.
- 104 Juices shall include fresh, frozen, or concentrated non-alcoholic beverages extracted from fruits and vegetables of all types packaged in original commercially sealed and unopened containers.
- 105 Mixers are non-alcoholic beverages in a liquid and dry form commonly used to dilute or enhance an alcoholic drink or cocktail, packaged in original commercially sealed and unopened containers. The only dry mixers that shall be sold are those dry mixers which are specifically produced and marketed for the express purpose of mixing with the alcoholic beverage. Product commonly known as “margarita salt” is considered a dry mixer and may be sold by package retailers. Dry products which may be mixed with alcoholic drinks but which are not specifically produced and marketed for that purpose are not allowed. Any dry mixer about which there is any doubt shall be submitted to the Department for prior approval.
- 106 Sale of any items listed above shall in no way be used to promote, persuade, or influence the sale of alcoholic beverages. Therefore, the permittee cannot give as a gift or reduce the price of these items when the same is conditioned on the purchase of an alcoholic beverage.
- 107 Any questions regarding the permissibility of products intended for sale by package retailers governed by this regulation should be submitted, in writing, to the Chief of Enforcement.

Chapter 25 Alcohol Delivery

100 A retailer may offer home delivery of alcohol ordered by its patrons based on the type of alcohol permit it has. A retailer with a beer permit will be able to offer delivery of beer, light wine and/or light spirits products. A retailer with a package retailer permit will be able to offer delivery of sealed alcoholic beverages. A retailer with an on-premises permit will be able to offer delivery of one bottle of wine for every two entrees ordered.

101 Retailers can accept orders on-line, in-person, or over the phone.

102 A retailer must obtain a delivery service permit in order to deliver alcohol to patrons. If a retailer wishes to pay a service to deliver, it must enter into a contract with a delivery company that has a delivery service permit.

103 Deliveries cannot be made to any location more than 30 miles from the retailer's premises. This distance shall be measured in a straight line, such as air line distance, rather than the usual route of traffic travel.

104 Deliveries cannot be made in areas that are dry for the sale of alcoholic beverages as indicated by the Wet/Dry map located on the Department's website. Delivery is available to any residences located in qualified resort areas as listed in any subsection of Miss. Code Section 67-1-5(o)(iii).

105 Deliveries must be made during legal hours of sale for alcoholic beverages.

- 106 Alcohol cannot be delivered to anyone under the age of 21, to anyone who is visibly intoxicated, to other retailers, or for resale.
- 107 Before providing alcohol to the recipient, the deliverer must first confirm the age of the recipient using a scanning software system approved by the Division on the recipient's drivers' license or military identification card. The Division will approve a scanning software system only if it has at least a 95% efficacy rate of successfully determining whether an identification card is valid. The Division will be responsible for determining the efficacy rate. The Division may request additional information before approving a system and may test the system before determining whether it should be approved. The system must also collect the recipient's name and date of birth. The deliverer must maintain this information for twelve (12) months and be subject to review by the Division upon request.
- 108 The deliverer shall return all alcohol to the retailer if:
1. The recipient is under the age of 21, presents identification that is not his or hers, refuses to present identification, or refuses to accept delivery; or
 2. The deliverer determines the presence of illegal conduct, overconsumption of alcohol or determines that the environment is unsafe for consumption of alcohol.
- 109 Alcohol may be ordered from the retailer as authorized by law. Beer, light wine, and light spirit products may be delivered in bottles or cans. Such products may also be delivered by draft or glass so long as the product is delivered in a sealed container. Alcoholic beverages may be delivered from package retailers in closed, sealed bottles. Restaurants may only deliver one bottle of wine per two entrees ordered and cannot deliver any distilled spirits of any type containing more than 6% alcohol by weight (including, but not limited to, bottles, shots or mixed drinks using distilled spirits).
- 110 Delivery to consumers is only available for retailers. Wholesalers, distributors, and manufacturers (including, but not limited to, distilleries, native distilleries, wineries, native wineries, breweries, small craft breweries and microbreweries) cannot deliver alcohol to consumers. Delivery is only available for individual consumption. Alcohol cannot be delivered to retailers, wholesalers, distributors or manufacturers under a delivery permit. Package Retailers who have a wholesale permit may continue to deliver alcoholic beverages to licensed package retailer and on-premises permittees.

Subpart 3 Licensing

Chapter 01 Bonds

- 100 The Department may require any person engaged in the business of manufacturing or retailing alcoholic beverages to enter into a bond under Miss. Code Ann. Section 27-71-

21. The amount of bond that may be required of the holder of any retailer's permit under Miss. Code Ann. Section 27-71-21 shall be five thousand dollars (\$5,000.00). This bond shall be in such form as required by the Division.

- 101 New, revised, or different bonds may be required by the Division at any time for any carrier, manufacturer and/or distributor, and any holder of a retailer's bond.
- 102 If a retailer who has been required to obtain a bond by the Department receives notice that his bond is to be cancelled during the permit year, the permittee must immediately provide notification in writing that the bond is being cancelled and must provide copies of any documentation received by the permittee from the bonding company. Furthermore, the permittee shall obtain another bond or deposit the equivalent amount of the bond required in cash or securities with the State Treasurer pursuant to Miss. Code Ann. Section 27-71-21 prior to the cancellation date of the original bond.
- 103 Failure to submit a valid bond when required to do so by the Department by the cancellation date will result in automatic suspension of sales until a valid bond is received. In addition, the Department may take punitive action against the permittee for failure to timely submit a bond.
- 104 (Reserved)

Chapter 02 Permit Limit

- 100 No person, either individually or as a member or officer of a limited liability company, , partnership or association, or as a stockholder, officer or director in a corporation, shall own or control any interest whatsoever in more than one package retailer's permit. Furthermore, no spouse or relative of, nor any other person living in the same household as a person owning an interest in a package retailer's permit shall own an interest whatsoever in any other package retailer's permit.
- 101 A person, either individually or as a member or officer of a limited liability company,, partnership or association, or as a stockholder, officer or director in a corporation, may own an interest in one package retailer's permit while owning an interest in one or more on-premises retailer's permit. This chapter allows multiple ownership of on-premises retailer permits and allows any person holding an on-premises retailer permit to simultaneously own an interest in a single package retailer's permit.
- 102 However, this chapter does not authorize a person to purchase or otherwise transfer alcoholic beverages from one permitted place of business to another. Any violation of the provisions of Miss. Code. Ann. Sections 67-1-41, 67-1-43 and 27-75-5 will be grounds for revocation of the permit or permits issued.
- 103 This chapter shall not be construed to prohibit rendering professional services for more than one package retailer so long as such professional services do not constitute an ownership interest based on the fee being collected. If the fee paid to the professional is

dependent upon the amount of alcohol being sold, this will constitute an ownership interest.

100 The failure of a permittee to maintain the qualifications necessary for the issuance of a permit pursuant to Miss. Code Ann. Section 67-1-57, including the failure to pay any taxes due the State, may result in the revocation or suspension of a retailer's alcoholic beverage permit.

Chapter 05 Permit Transfer

100 No permit or any beneficial interest in a permit shall be transferred by any permittee to any other person or any other place except with the written consent of the Department. 101 Notice of the intended transfer of location or beneficial interest must be published for two consecutive issues in a newspaper having general circulation in the city or town in which the transfer applicant's place of business is located. In instances where the business is not located within a city or town, publication should occur in a newspaper of general circulation in the county where the business is located. Proof of publication must be filed with the application to transfer location or interest.

102 This chapter shall not be construed to require publication of a mere change in trade name or the officers of a corporation where there is no change in the ownership. However, any such contemplated changes must be submitted to the Department for prior approval.

103 An applicant for transfer of ownership of a permit for which there exists an exemption from distance requirements as provided for in [Miss. Code Ann. Section 67-1-51 \(3\)](#) must submit an updated waiver from the funeral home or church. If the funeral home or church refuses to sign a new waiver, a transfer may not be initiated.

104 All original applicants for permits and/or proposed recipients of beneficial interest in such permits must be not less than 21 years of age and may not have been convicted of a felony in any state or federal court. An individual who is an applicant for a package retailer's permit must be a resident of the State of Mississippi. During the 60-day period, any member of the permittee's immediate family may make application to the Department for the unexpired portion of the permit of the decedent to be assigned to him.

101 If such application is approved, the applicant shall be granted the right, without the payment of an additional permit fee, to operate the permitted place of business for the unexpired portion of the time of the original permit.

102 It shall also be permissible for the Executor of the Estate or guardian of the disabled permittee to sell the permittee's alcoholic beverage inventory to another permitted place of business, with the written approval of the Division, following the procedure outlined in Title 35, Part II, Subpart 4, Chapter 1 of the Mississippi Administrative Code.

103 If the application is denied, the inventory of alcoholic beverages, with prior approval from the Division, may be sold to another permitted retailer. In the event that the inventory cannot be sold to another retailer, the Division may take possession of the remaining unopened inventory and refund the estate at the current wholesale price, less a charge for handling and transportation. The items returned will then be placed in the Division's inventory.

101 Temporary Resort Area:

1. The Department is authorized to approve a certain area or locality as a temporary resort area if the particular location is in the process of being developed as a qualified resort area. Approval of this type of resort designation is contingent upon the applicant submitting the following:

- 101 A common carrier must maintain detailed records that reflect where alcoholic beverages were purchased, the purchase price, the date of the purchase and the taxes paid if the alcoholic beverages were purchased from a source (i.e. wholesaler or ship chandler) other than the Department. The records and inventory of alcoholic beverages shall be open to inspection by Division or any of its duly authorized agents at any time.

- 102 If common carriers purchase the alcoholic beverages they sell while traveling through the State of Mississippi from the Division, the Common Carrier Reporting Form does not have to be filed.
- 103 Alcoholic beverages can only be served and/or consumed while inside the permitted common carrier. Common carriers are prohibited from serving alcoholic beverages or allowing the consumption of alcoholic beverages while stopped in a dry county.

- 201 Vendors may conduct their own physical inventory of stock held in bailment by arrangement with the Division at least 48 hours in advance. Vendors or their agents should bring discrepancies to the attention of the Division.

- 202 The Division will routinely authorize the product into the distribution center for restocking purposes.
- 203 The Division will require that vendors designate an agent who will be responsible for approving stock withdrawal. A Mississippi Bailment Warehouse Vendor's Authorization Representative Form should be completed for each authorized agent. Vendors must update this document as needed.
- 204 The Division will notify the vendor's agent during the last week of each month of their intention to purchase specified inventory belonging to the vendor based on anticipated needs for the following month. If the vendor does not respond within two (2) hours after receipt of the notification, the vendor will be deemed to have authorized the anticipated purchase. This report shows the maximum anticipated purchases. Actual purchases may differ due to the availability of the vendor's product on the date the inventory was picked, the availability of new receipts into the LDC Warehouse, and the availability of ABC owned inventory which will be removed first.
- 205 Vendors shall comply with the inventory management guidelines as set for by the Division. Vendors who do not comply, may, at the discretion of the Division, be stopped from listing new products and/or offering special purchase allowances.
- 206 The receipt of bailment merchandise is according to the following terms and conditions.
1. Receiving into the bailment-warehousing systems will take place at the LDC Warehouse.
 2. Product will not be unloaded if it is not shipped on pallets or slip-sheets. Pallets are the preferred method for delivery; therefore, there will be a charge for the use of slip-sheets
 3. Vendors are required to supply LDC Warehouse personnel with a Bill of Lading or Packing List at delivery which must include the control state code, the description and name of the product, and the quantity of the product being delivered to the LDC Warehouse.
 4. The vendor will be responsible for obtaining the freight carrier.
 5. The carrier is required to call the LDC Warehouse to obtain an unloading appointment time. The carrier must indicate the vendor when scheduling the appointment.
 6. The Division will complete a Receiving Report form for each load delivered. The case quantity shown on the form will reflect any overage or shortage compared to the Bill of Lading or Packing List supplied by the carrier.
 7. LDC Warehouse personnel will unload all products. Carrier drivers are required to witness the unloading. The driver and Division representative will sign the unloading report form and the Bill of Lading or Packing List.
 8. If the Division discovers an error in the receiving process, the Division will complete an Inventory Correction form which will be attached to the original receiving report.

- 207 Because the Division may purchase damaged goods and subsequently establish a receivable with the vendor, the LDC Warehouse Operations Manager will be responsible for determining whether damaged goods are to be received into the bailment inventory. The Division will always attempt to resolve any problems in this area to the mutual satisfaction of the vendor and the Division.
- 208 The Division believes that it is advantageous to the vendor and the Division to accept merchandise with small amounts of damage which has occurred during the shipping process. At the discretion of the LDC Warehouse Operations Manager, goods with slight damage will be received into the Division inventory and placed in the repack area. The Division will purchase the damaged bottle(s) and file a claim against the vendor for recovery of the damaged bottle's purchase price.
- 209 When the Division discovers substantial damage, the truck will be sealed and the vendor notified. The vendor or designated agent will be responsible for determining how the damaged goods are to be handled. The Division will assist the vendor in substantiating the degree of damage, but the vendor is responsible for filing a claim against the carrier. No goods from the damaged shipment will be received into the LDC Warehouse until the LDC Warehouse Operations Manager is satisfied with the vendor's determination.
- 210 All products are owned by the vendor. It will be the responsibility of the vendor to file claims with the carrier to recover the cost of damages which occurred during the transportation of the alcoholic beverages.
- 211 Vendor's agents may obtain a report from the NABCA showing the activity of their products.
- 212 (Reserved)
- 300 Vendors may withdraw product from bailment; however, for the purposes of warehouse administration, all removals must be approved 24 hours in advance of removal and will occur during normal LDC Warehouse receiving hours. The vendor must provide in writing the item code, name, description, and quantity of the product being removed, as well as the motor carrier picking up the product from the LDC Warehouse and the product destination. The division will load the product onto the truck. The carrier's driver will observe the loading. Both the Division representative and the driver must sign the Bill of Lading and a copy of the document will be provided to the vendor. The Division will adjust the bailment inventory records and will charge the vendor a handling fee to cover the cost of the requested withdrawal.
- 301 (Reserved)
- 400 The Division will charge for certain services. Charges may include, but will not be limited to, the following services:
1. Labeling
 2. Re-packing

3. Damage Re-packing
 4. Reloading for shipping
 5. Split case handling
 6. Bailment fees
 7. Unloading product received on slip-sheets
- 401 Vendors must comply with Federal laws, guidelines, and regulations.
- 402 Prior to using the LDC Warehouse, each vendor will be required to execute the bailment agreement and designate an agent.
- 403 The Division will not carry insurance on the vendor's inventory in bailment nor be responsible for any loss. Vendor's agents will be provided inventory reports to assist vendors in determining the value of their inventory. This report may be obtained from the NABCA.
- 404 Claims by vendor must be presented in writing to the Division within thirty (30) days after vendor's claim arises.
- 405 The Division may submit to the vendor and/or the vendor's agent, or may require the vendor or vendor's agent to submit to the Division, other documents necessary to conduct its operations.
- 406 (Reserved)

Chapter 11 Retail Pickup from Distilleries and Native Wineries

- 100 Miss. Code Section 67-1-41(10) allows retail permittees to pick up native wines and spirits sold by the Department, so that those alcoholic beverages may be delivered to the retail warehouse. The native winery or distillery shall accept the order on behalf of the Department and shall collect and remit all applicable taxes and markups to the Department as if the product had been ordered and delivered through the Liquor Distribution Center (LDC) Warehouse.
- 101 Retail permittees may pick up alcoholic beverages directly from a distillery or native winery after first notifying the LDC Warehouse that it will be ordering product from the distillery or native winery. Such alcoholic beverages must be listed by the LDC Warehouse to be eligible for direct pick up.
- 102 Retail permittees shall notify LDC Warehouse via Electronic Mail at retail.pickup@dor.ms.gov prior to the order being placed with the distillery or native winery.
- 103 The native winery or distillery shall provide the retailer with an invoice itemizing the number of bottles and price of each bottle sold to the retailer. The retailer shall maintain this invoice for three (3) years. For months in which the native winery or distillery sells

wine to retailers for pickup after providing notice to the LDC Warehouse, the native winery or distillery shall file a monthly report through TAP itemizing the number of bottles sold and price of each bottle sold to retailers under this regulation. A copy of all invoices showing such sales will be attached to the TAP filing. The native winery or distillery will not be required to file a monthly report if no such sales are made during that month.

104 Retail permittees shall abide by all restrictions on transporting alcoholic beverages, including but not limited to those as stated under Miss. Code Section 27-71-15, Transportation.

- 102 Sales made to consumers shall be for either on-premise or off-premise consumption.
- 103 Native wine retailers may make sales of native wines during the same hours as that allowed for package retailers. Provided, however, the governing body of any location may petition the Department to permit sales by native wine retailers located within their jurisdiction at other times. Upon receipt of a petition, or upon its own motion, the Department shall consider the same and set whatever hours of sale it deems appropriate. A certified copy of the resolution of the governing authority requesting permission must accompany all such petitions.
- 104 Native wineries shall not make direct sales to Mississippi alcoholic beverage permittees.
- 105 Native wines may be possessed and consumed throughout the State.
