— DEPARTMENT OF — REVENUE — STATE OF MISSISSIPPI

To the Governor, Legislature, and People of Mississippi:

We are pleased to submit the Annual Report of the Mississippi Department of Revenue for the Fiscal Year ending June 30, 2014. This report contains information about the Department of Revenue, its mission, functions, and statistical information highlighting our activities and performance for the year.

The dedicated employees of this agency and executive staff remain focused on our mission to collect revenue and to fairly administer the revenue, local option, property tax, and motor vehicle laws of this state. The agency's strategic plan is utilized as a roadmap to chart our course over the next several years. We are continually identifying and implementing best practices to improve our internal controls and technology platforms to provide long-term benefits for Mississippi and its citizens.

Accomplishments for FY 2014 include:

- DOR collected \$7.6 billion in State, Local, and Special Fund Revenue, a 4.9% increase over the prior year. DOR collected 97% of the State's General Fund and transferred revenues to over 300 Treasury Funds.
- The agency successfully implemented the 3rd phase of its integrated tax system (MARS) with roll-out of Sales, Use and other transaction taxes. Simultaneously, DOR successfully completed migration to GenTax Version 9 which provides a more robust and enhanced system. A component of the 5-year implementation of the system provides free online reporting and payment for over 40 tax types, and allows taxpayers online access to their tax filing information and online registration. Information for more than 2 million taxpayers is managed in this system.
- A strategy to improve voluntary compliance includes developing and maintaining a strong enforcement program which is proven to promote correct and timely reporting and payment of taxes. One enforcement measure is to monitor tax compliance through the examination of returns. Out-of-State Audit completed 588 audits with discovery of \$29.7 million in non-reported income. Business Tax Audit completed 3,943 audits with discovery of \$144.5 million in non-reported income. Auditors generated \$24 for each \$1 in cost.
- Fewer accounts passing to the collection cycle status of "finally determined tax liability" indicates improved voluntary compliance. During the past year, significant focus was placed on reducing the debt moving to the status of Finally Determined Tax Liabilities. Year-end results show an overall decrease in this status of \$110 million, new cases decreased by 20.75%, and the amount of debt for those cases decreased by 3.58%. Revenue Officers collected \$27 for each \$1 in costs.
- ABC completed the first phase of the 1½ mile conveyor system improvements project. This increased efficiency by raising the number of cases prepared for shipping from 2,200 to 3,200 per hour allowing ABC to ship more products each day. ABC shipped 2,934,160 cases of alcohol during FY14. The net profit from operations increased to \$56.5 million. All together, the transfer to the General Fund from profit and taxes was \$102.7 million.

Other accomplishments and performance indicators are provided throughout this report.

We hope that the Annual Report provides you with helpful information and that you will see how the Department of Revenue performs our statutory responsibilities for the citizens and taxpayers of the State of Mississippi.

The Department of Revenue's customer base is one of the largest of Mississippi's governmental agencies with 2 million taxpayers. All persons with tax responsibilities to our state are customers whether located within our borders or across the nation.

Strategy: Maintain a Call Center

Providing quality assistance to Mississippi's taxpayers includes maintaining a Call Center with employees who have a broad and knowledgeable understanding of the entire DOR and its activities. This is so that questions may be answered accurately and completely, and to avoid transferring calls to other divisions.

During Fiscal Year 2014 taxpayer assistance representatives handled:

- 1,512,209 total inbound calls to a queue with 614,592 answered (41%)
- 86,079 taxpayer correspondence cases completed

Strategy: Contact taxpayers as quickly as possible once new debt is created.

DOR has begun sending taxpayers who fail to file a return, and who elect to receive email, a courtesy email 15 days after the due date of the return. This serves as a reminder to file and may help reduce penalty and interest charges. During the past year, 77,033 emails yielded response and payments of \$51,221,397.22.

Strategy: Expand and enhance filing and payment options

- TAP (taxpayer access portal) provides free online filing for 46 taxes. Taxpayers taking advantage of TAP increased to 122,122 taxpayers;
- DOR established a new, online option for taxpayer to create a payment plan with terms for up to 24 months for any tax;
- Additionally, taxpayers set up 1,923 Individual Income payment plans when they electronically filed their tax returns, up from 287 plans in the prior year;
- Taxpayers set up another 1,164 Individual Income payment plans with their paper-filed returns, which is up from 957 plans in the prior year.

In addition to the online option, DOR established over 2,000 other payment plans for taxpayers.

Increasing online services improves efficiency, accuracy, internal controls and taxpayer satisfaction.

Provide assistance and information to the public that is helpful and responsive

Develop effective policies to help taxpayers meet their responsibilities

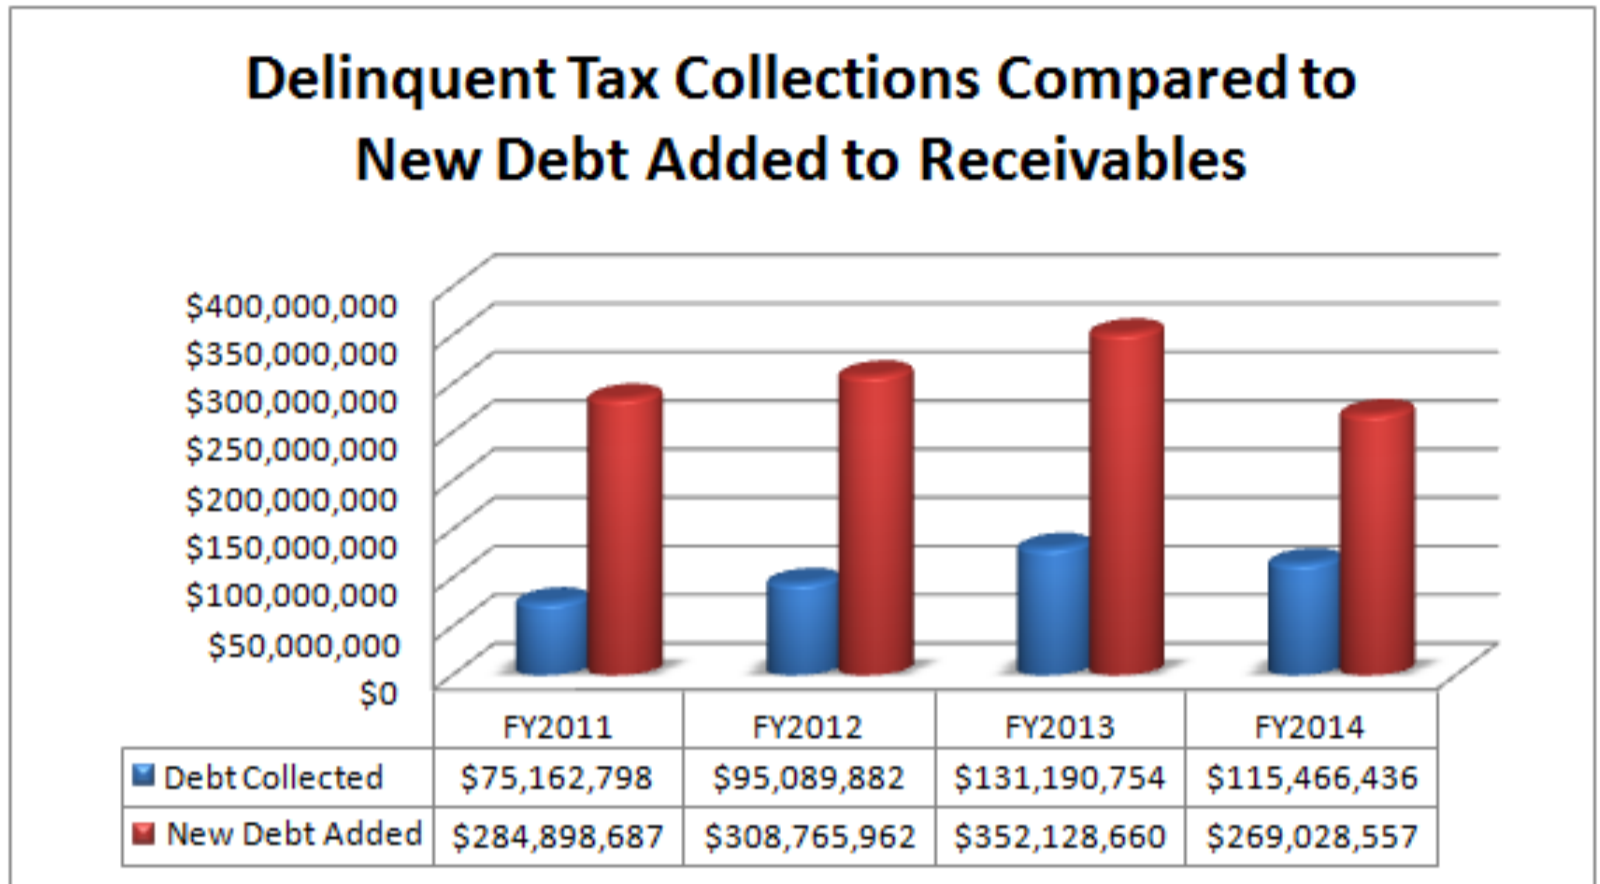

Provide and encourage taxpayers to utilize web-based information and tools

Reduce time for processing refunds

Maintain sufficient staffing of individuals who have a positive customer service ethic and awareness of the goals and principles of the DOR

Enforce compliance of those who refuse to voluntarily file and/or to remit taxes due

Our objective is to reduce tax receivables and to reduce the number of new delinquent accounts.

A step in the right direction: We are seeing a slow-down in the growth of new debt as both the number of billing items and the amount of new debt added have decreased.

Reduce tax receivables

Collect delinquent taxes

Identify and register non-permitted businesses

Send monthly billing statements that are clear, informative and accurate to facilitate prompt payment

Promote a more fair tax system by providing a level playing field for compliant taxpayers

Strategy: Collect delinquent tax debt to reduce tax accounts receivables

Total Debt Collected: \$115,466,436

Bill Items Resolved: 72,069

- Finally Determined Tax Liabilities decreased \$110 million;
- New enforcement cases decreased 20.75%;
- The amount of debt for new cases decreased 3.58%.

A debt moves to finally determined tax liability status when all appeals or the time to appeal the assessment have expired.

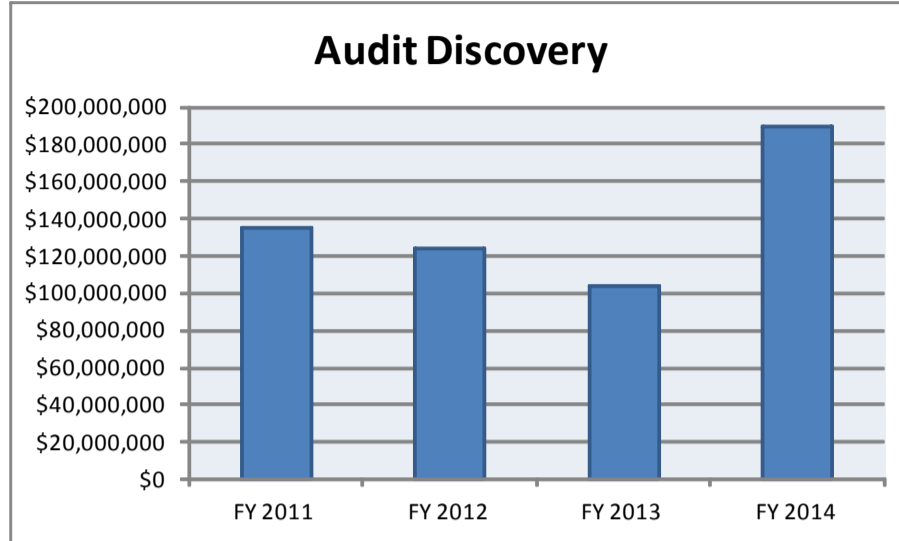

Revenue Officers collect \$27 for every \$1 of Cost

Compliance activities promote fairness and consistent treatment in the application of tax law. It helps ensure that no business gains an unfair competitive advantage over others by failing to comply with the tax laws.

Monitor compliance through examination of returns

Core Function

Our objective is to promote voluntary compliance by auditing, discovering non-compliance, and educating taxpayers.

Strategy:

Perform audits and examinations of returns to improve voluntary compliance

Increase discovery and recovery of non-reported income

Review and validate information on filed returns

Recover revenues through detection and reduction of fraudulent returns

Enforce Local Option and Prohibition Laws

The purpose of this program is to provide the state with an effective regulatory system for alcohol.

Strategy: Reduce access and possession of alcohol and beer by minors

ABC Enforcement continues its goal to reduce underage drinking and access to alcohol and beer in Mississippi. One strategy is working special operations in college towns and events around the state. During the last Fiscal Year:

- 712 underage persons cited for possession of alcohol, a 19.8% increase compared with prior year;
- 190 minors cited for possession of fake identification, a 14.4% decrease;
- 37 adults charged with buying for or furnishing alcohol to minors, a 15.6% increase;
- 10 adults were cited for allowing underage persons to consume alcohol on their property in violation of the Social Host Law, a 250% increase.

Strategy: Perform applicant background investigations, issue permits, and monitor compliance

ABC routinely makes site visits to permitted locations across the state. This visit is to ensure compliance as well as an opportunity to educate permit holders concerning the alcohol laws. ABC Agents performed:

- 212 new permit application investigations, a 23.9% increase over the prior year;
- 258 new manager investigations, a 21.3% decrease;
- 95 transfer permit investigations, a 15.9% decrease;
- 52 associated investigations, a 0.4% increase;
- 1,957 compliance inspections of licensee locations, a 58.4% increase.

Strategy: Reduce illegal sales, production, and moonshine trafficking

Moonshine is an issue of public safety due to the fact that it is manufactured in an unsanitary environment and the product has a very high alcohol content, sometimes as high as 190 proof. Most people do not realize the risk of alcohol poisoning if they consume almost pure grain alcohol.

- Agents served 121 search warrants with only 5 yielding negative results; a 57% increase over the prior year;
- 25 persons were arrested for possession and trafficking moonshine; a 39% increase;
- 11 Illegal distilleries were seized and destroyed;
- 33 persons were arrested for controlled substance violations with alcohol related investigations; a 100% increase.

“...purpose and intent of this chapter is to vigorously enforce the prohibition laws throughout the state...” MCA § 67-1-3

Promote health, welfare and safety of the general public by approving suitable alcoholic beverage applicants and premises

Reduce beer and alcohol consumption by minors through an active enforcement system

Continuously monitor licensees to ensure compliance with state law

Distribute Alcoholic Beverages through State Controlled System

ABC promotes the public interest through the responsible sale of alcoholic beverages.

The Alcoholic Beverage Control Division is the exclusive wholesaler of alcoholic beverages in this state. The objective for this work unit is to accurately and efficiently ship, receive, and maintain inventory control of the business that has sent \$2.4 billion to the state's coffers since Fiscal Year 1967.

Strategy: Provide quality administration of the liquor distribution process

- Gross sales for Fiscal Year 14 were \$292,878,741.
Gross Sales have increased 7.9% over the past 2 years.
- The total warehouse costs, including renovation expenses, are 2% of total sales.
- ABC ships 3,200 cases per work hour.
- There was a 2.1% increase to the General Fund from operations over prior year.

\$ 56,593,732	Net Profit from Operations
\$ 46,193,691	Excise and Sales Tax Collected
\$ 102,787,423	Transfers to General Fund

- There was a 3% increase in total case sales.
2,934,160 cases sold, an increase of 56,279 cases
40% of total case sales are wine; 60% are spirits
Spirits bring in 75% of dollar volume; wine 25%
- **99.9994%** shipping accuracy attained

Ensure accurate timely distribution and delivery of liquor products to retail permittees

Modernize warehousing and distribution facilities to improve the efficiency of operations

Provide quality administration of the liquor distribution process.

Liquor Distribution returned \$9.57 in net profit for each \$1 of cost.

Adding excise and sales taxes collected with the sale of alcoholic beverages, \$1 cost returned \$17.39.

90% of all alcohol is sold by the 563 package stores in Mississippi

The top 180 package stores (32%) sell 73% of the total.

There are 1,240 On-Premises Permitted Businesses.

Create and Maintain Motor Vehicle Registration and Title Information

Strategy: Issue Titles for Vehicles and Manufactured Homes

- Increased number Titles issued by 8% (915,404) with 46,251 of those FastTrack Titles;
- Received an average of 10,000 Title applications daily;
- Averaged 3-4 weeks to process a Title, an improvement from prior year's 5-6 week average;
- Received 150,625 calls through the queue and answered 85% of those calls, a 2% decrease compared to prior year;
- Assisted 16,462 walk-in customers at the Customer Service Window, a 4% increase.

Strategy: Deliver and/or Issue License Plates

- Maintained registration information for 2.9 million active license plates and decals;
- Issued license plates and decals to the 82 county offices;
- Issued 115,738 tags for big trucks and government vehicles;
- Issued 29,682 seven-day Temporary Licenses and 2,637 three-day In-Transit Licenses;
- Issued 4,029 Motor Vehicle Dealer Licenses and 7,385 Motor Vehicle Dealer tags.
- Audited 9,035 County reports to ensure proper accounting;

Provide assistance to law enforcement in the investigation of motor vehicles

Identify and integrate best practices to mitigate fraud and protect personal information

We serve the public by ensuring the integrity and security of vehicle information.

Ensure equitable and uniform assessments of real and tangible personal property throughout the state

The Mississippi Constitution requires that taxation of property is uniform and equal throughout Mississippi. Property Tax is collected by the County Tax Assessors and Collectors on behalf of county and city governments and the local school boards.

Strategy: Provide training, guidance, and technical assistance to county tax assessors including a certification program.

- Provided training for 17 students in DOR Certified Appraiser School
- Provided annual re-certification classes for 500+ existing certified appraisers
- Performed testing and other services for those holding designations above Certified Appraiser

Strategy: Perform timely and accurate distribution of county reimbursement funds

- Allocated and reimbursed \$81.1 million to counties, cities and school districts for Homestead Exemption.

Strategy: Aid and assist local governments

- Assessed collected and distributed \$52.5 million in lieu taxes (rail car, TVA, and nuclear) for local governments and school boards
- Performed property tax assessment function for railroads and other public service corporations providing \$2.75 billion in assessed value to local governments and taxed at the local level

Strategy: Perform audits in each county including at least 3 Personal Property audits, 3 Real Property audits and 3 Mapping and Industrial audits.

- DOR discovered over \$41 million of true value assessment errors in real and personal property and mapping.

Sales Tax Supports the General Fund, Education, Municipalities, and Special Funds

All sales of tangible personal property in the State of Mississippi are subject to the regular retail rate of sales tax (7%) unless the law exempts the item or provides a reduced rate of tax for an item. The tax is based on gross proceeds of sales or gross income, depending on the type of business. Additionally, many services are subject to sales tax. Installation labor is taxable when connected to the sale of tangible personal property.

Each month, the DOR distributes and transfers the sales tax collected during the prior month to various Treasury Funds. The State General Fund receives the largest portion; however, Sales Tax is also an important revenue source for Municipal Governments and for Education in our state. Money transferred to the Motor Vehicle Ad Valorem Reduction Fund is used to reimburse the counties for the credit on motor vehicle license plates annually provided to each vehicle owner.

Transfer to Cities and Counties from Special Tax Collections

Most Special Taxes are imposed on the gross receipts of hotels, motels, restaurants and/or bars within certain cities or counties; however, the cities of Jackson and Tupelo impose a tax on retail sales and services subject to the general rate of state sales tax with certain exceptions. Revenues are dedicated to certain purposes as authorized by the enacting legislation and the tax rates vary by location. All special taxes are in addition to the regular Sales Tax. More information about these taxes may be found at www.dor.ms.gov.

Classification of Sales by Industry Group

On October 7, 2013, Sales Tax converted to new computing technology. As part of that conversion, how the Department of Revenue collects sales tax data by industry type changed.

Prior to Fiscal Year 2014, the DOR used the Standard Industrial Classification (SIC) System to classify and organize industries. However, with the implementation of the new technology, DOR began using the North American Industry Classification System (NAICS) when classifying industry types for Sales Tax collections.

NAICS was developed in 1997 by the federal government and replaced the Standard Industrial Classification (SIC) System throughout the United States as the primary system for collecting statistical data.

As a result of the conversion, the previous fiscal year data included in prior year Sales Tax Collections Statistical Reports are not comparable to data published earlier than October 2013.

A crosswalk table mapping the SIC codes to the NAICS codes is provided on the statistics page of the Department of Revenue's website at www.dor.ms.gov.

Income Taxes Support the State General Fund

Mississippi enacted the state's first income tax in 1912. At that time, the tax rate was ½ of 1% imposed on all net income in excess of \$2,500. Over 100 years later, the laws have been amended numerous times providing exemptions, deductions, exclusions, inclusions and various filing status classifications. Income tax is imposed on the net taxable income of individuals, corporations, estates and trusts.

The below chart provides the amounts transferred to the State's General Fund, which revenues are utilized by other agencies to provide services to the citizens of Mississippi such as education and public safety.

ABC Collections and Transfers

The Mississippi Alcoholic Beverage Control was created for the purpose of enforcing the liquor laws and for the distribution of alcohol products in this state. Along with 17 other states, Mississippi is a control state meaning it exercises complete control over the wholesale distribution of alcoholic beverages. All legal alcohol entering Mississippi from manufacturers must be shipped directly to the ABC's Liquor Distribution Center from which ABC sells the products to licensed retailers for ultimate sale to the public.

An alcoholic beverage is either a distilled spirit or a wine product that contains more than 5% alcohol by weight. Beer and light wine products are not included and are not distributed by the ABC. The excise tax on sparkling wine and champagne is \$1.00 per gallon, other wines are 35 cents per gallon, and distilled spirits are \$2.50 per gallon. Additionally, all alcoholic beverage products are subject to an additional 27½% markup on the wholesale purchase of alcoholic beverages. A permit is required to sell alcohol in this state.

The below collections result from the operations of the Liquor Distribution Center and the licensing of retail businesses.

Notes Sales Tax rate was 5% 1967 through November, 1983; 6% December, 1983 through May, 1992; and 7% June 1992 to present date. Warehouse Surcharge was repealed February 1, 1988 when the loan for construction of the Liquor Distribution Center was paid in full. Beginning March 3, 1999, ABC no longer required employee ID cards and discontinued permittee ID fees. Prior to FY 2007, Miscellaneous and Permit Fines are included in the Net Proceeds of Sales.

Section 27-5-101 sets forth the distribution of the taxes to the counties from gasoline and special fuels. The counties share is derived from the “base” rate of tax. For gasoline, the base tax is the first 7 cents per gallon, and for un-dyed diesel, the base rate is the first 10 cents per gallon. After specified transfers are made from the base tax collections, 5/14ths of the remainder is distributed to the counties. The law provides that a portion of the counties share is shared with the municipalities within that county.

The following is the distribution of 5/14ths between the counties:

1. Pay each county \$190,000 annually. The municipalities share is paid from the \$190,000.
2. Annually, the remainder is divided according to the following formula (This split is listed as “surplus” in the above chart):
 - 1/3 share split evenly among all the counties;
 - 1/3 share split based upon the population of each county;
 - 1/3 share split based on the square miles of each county.

The 9/14ths share provides a monthly transfer of \$83,333.33 to the Municipal Aid Fund; 50% of the tax on gasoline collected in the three coastal counties is returned to those counties for Road Protection; amounts specified to retire the bond sinking funds; and the remainder for the benefit of the State Highway Fund.

The additional tax is 11 cents a gallon on gas and the 8 cents a gallon on diesel. The amount of tax collections from the first 2 cents per gallon of the additional tax is used exclusively for the construction, reconstruction and maintenance of highways or the payment of interest and principal on bonds. Of the remaining additional tax:

- 23 ¼% is for the **State Aid Road Fund**
- The remainder to the **State Highway Fund**

Quantities and Taxes Collected by Fuel Type

All motor fuels including gasoline, diesel, kerosene, fuel oil, compressed gas, natural gas and lubricating oil, are subject to Petroleum Excise Taxes. These taxes are collected from petroleum product distributors, interstate motor carriers, and persons using petroleum products.

Section 49-17-4407 (2a) & (2b) imposes an additional fee of 4/10ths of 1 cent on gasoline and special fuel for the support of the Groundwater Trust Fund. The law provides that when the balance in the Trust Fund exceeds \$10 million, then the imposition of the fee is suspended until the balance falls below \$6 million.

Because the balance of the Trust Fund exceeded \$10 million, collection of the fee was suspended July 1, 2013. The fee was not reinstated until August 1, 2014. Therefore, the only collections made in FY 2014 for the fund were the June 2013 transactions which were reported to the DOR in July 2013, the first month of Fiscal Year 2014.

IFTA is a compact of the 48 contiguous States, the IRS, the 10 Canadian provinces, and the federal government of Canada.

A motor carrier licensed under IFTA reports to its home state all miles traveled in all jurisdictions, total fuel consumed, and the total fuel purchased. IFTA apportions tax collections among the states based on miles traveled and the fuel used by carriers within each state according to each state's tax rates.

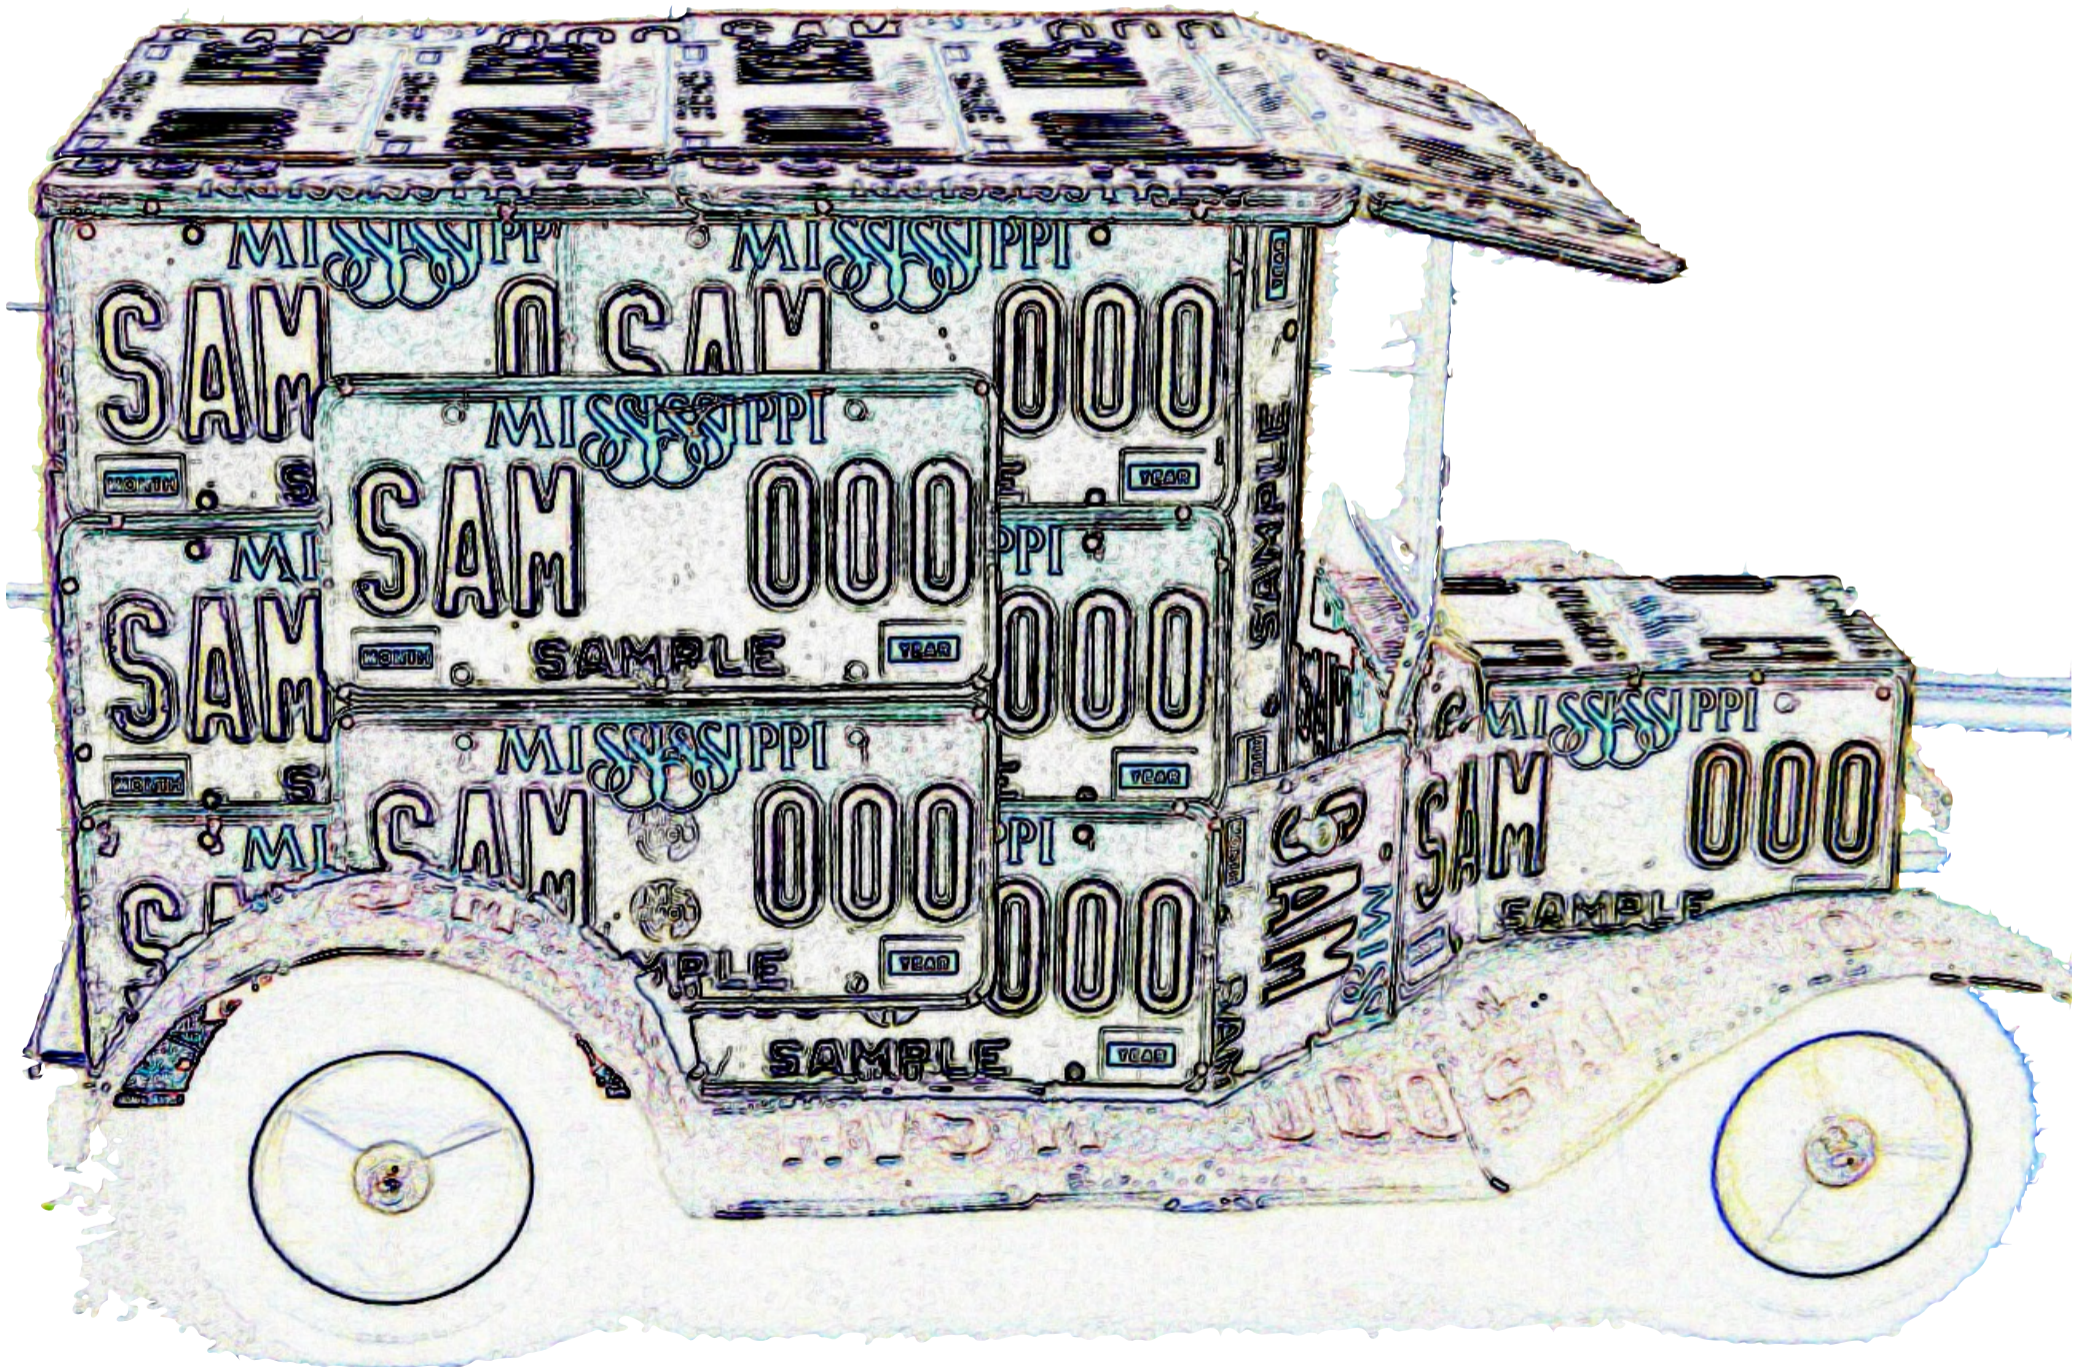

THE DOR collects the taxes from Mississippi based licensees on behalf of all member jurisdictions and makes a payment to IFTA for taxes collected for those jurisdictions. Likewise, the DOR receives payments from other states who collect Mississippi taxes from their licensees.

Mississippi is a payout state. That means carriers purchase more fuel in the State than they consume and why the amount "collected" is a negative.

We Moved!!

The Department of Revenue's annual report for 2014 would be incomplete if we didn't mention moving our primary location. After 17 years and 7 months in what was supposed to be a "temporary" location, the agency finally moved to our permanent home: South Pointe in Clinton, Mississippi.

It was in 1996 when the State Tax Commission moved from its headquarters in the Woolfolk State Office Building so that the building could be renovated. The agency moved to a warehouse located south of Clinton originally built to store materials for the building of Grand Gulf Nuclear Plant. This building was never intended to house offices, but the agency would only need to be there for 2-3 years before moving back to Woolfolk. Over Thanksgiving weekend 1996, the agency moved from across the street of the historic State Capitol to a warehouse located across the street from a landfill.

Woolfolk State Office Building

By July 1998, it was recognized that the renovation at Woolfolk would take longer than originally anticipated. Then, once the Woolfolk renovation was complete, the Sillers Building would be renovated. To answer the question "Where would all the agencies in Sillers go?" it was decided to keep the Tax Commission in the warehouse and allow the occupants of Sillers to move to the newly renovated Woolfolk Building during the Sillers renovation.

In April 2005, after deciding that the agency would not move back to Woolfolk, the Bureau of Buildings released an RFP for office space for the permanent headquarters of the MSTC. The state rejected all of the proposals for both existing office space and new construction.

2008: the economy was in recession. Due to the cost of moving the agency, there would be no more talk of moving until the economy improved.

Seventeen Years and Seven Months Later...

It is true: good things do come to those who wait! In July, 2014 the Department of Revenue moved from the warehouse to our new headquarters. We believe that our new main office is a place that appropriately represents Mississippi and is equipped to provide quality service to its citizens.
